

Nurture Spa Village

ONE OF THE PIONEERS in the Philippine spa industry, Nurture Spa Village offers its guests an exquisite Filipino spa and wellness experience in a natural tropical setting in Tagaytay City, Philippines.

Nurture Spa Village packages offer a choice of Pampering, Romance and Well-being and range from half-day to longer staying packages which include food, spa and wellness treatments and accommodations.

Nurture Spa Village in cooperation with the Institute of Natural Healing, offers its guests Joyful Health Programs: a full range of wellness programs, designed for health enhancement, disease prevention and sickness eradication. The programs are headed by Dr. Sam Dizon who has over 19 years of experience in Alternative and Complimentary Medicine and who studied and trained in the United States. Nurture Spa's "JOYFUL HEALTH" programs use a combination of detoxification and cleansing methods to remove unwanted fat, bacteria and viruses from your body; nutritional and diet therapy to boost energy levels and bring your body back to health, massage and other physical exercises to improve the physical condition of your body. Prior to the start of the program, a computerized assessment (DMS) system is used to help the Wellness team

draw up a personalized plan for each guest. A Wellness butler is assigned to assist guests with their every need. Nurture Spa's Joyful Health Programs include Radiance, Forever Young, Stress Buster, Waist Watcher, Gentle Detox and Holistic Health.

Nurture Spa Village was created to provide its guests with the Nurture Spa Experience: a blissful combination of authentic Filipino nurturing, healing and pampering.
